Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

1. DOMESTIC FLIGHTS

Please note that there are limited domestic flight options for our internal flights during the trip - we are at mercy of the national flight schedule, which often is only released 5 months at a time. Though there is normally one flight a day to and from each centre, we have designed the itinerary around past and current flight departure times. However, these times may change and this may result in a slight adjustment in the itinerary in order for us to match up our trip itinerary with this local constraint. Typically, this results in shuffling days of the itinerary around and does not cause any missed activities, destinations or experiences.

2. DRONES

Drones are NOT allowed in Madagascar at all, and the use of one can result in fines, or even imprisonment. Please do not bring your drone with you.

3. VACCINATIONS

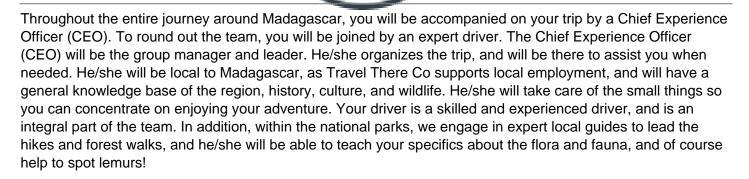

It may be required to show a Yellow Fever certificate upon entering the country visited. Please check in with your local health expert for advice on Yellow Fever and other inoculations required for this area.

5. MONEY EXCHANGE

Please note that there are limited ATMs or options for exchanging money in Morondava. Foreign currency is also not accepted in most places. It is best to bring sufficient local currency from Antananarivo.

About our Transportation

Local Flights

The local flight on day 13 from Tulear (Toliara) to Antananarivo is included in the cost of your tour. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

If you have pre-arranged an arrival transfer, look for the driver holding a Travel There Co sign in the arrivals hall inside the airport terminal, the sign will not have your name on it, instead our driver will ask for your name as confirmation of your transfer with us. We recommend you to change your money at the airport into local currency, please ask your representative for help. Please avoid any help offered from porters in the airport as they demand compensation for their services and they can be misleading at times. Only accept help from your Travel There Co representative.

A Travel There Co Representative will organize a short meeting soon after arrival, during which you will meet other tour participants and receive information about general and specific aspects of the trip. A welcome note will be left for you in the hotel so you have all the necessary information regarding the meeting time. If you arrive late, s/he will leave you a message detailing what time and where you should meet the next morning.

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, backpack, or sports bag, maximum 20kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, though the climate in most centres is pleasant. A set of smart casual clothes is also advisable.

Laundry

Some of the hotels will have a laundry service for a fee, and hand washing of clothes can be done in several locations as well. We recommend you bring a non polluting/biodegradable soap, as well as a roll of simple string to act as a drying line for your clothes. If you arrive in the late afternoon, or if there is poor weather, it may not be possible for your clothes to completely dry.

Visas and Entry Requirements

All countries require travellers to have a valid passport (with a minimum of 6 months validity). Please note that upon arrival by air or by land to Madagascar, all non-Malagasy nationals must pay a fee of 120,000 Ariary (about 35 EUR/ 37 USD/ 27 GBP at time of writing) for a tourist visa of 30 days or less (adults and children). Payment for this can be made directly at the border or airport and all major currencies are accepted. We advise our travellers to ensure they have close to the exact amount needed in bills (plus a little extra to account for any fluctuations). Cash is preferred. Any change will be given in Malagasy Ariary.

If you arrive into Ivato Airport (Antananarivo), you should make your way to the border control desk closest to the Direction Generale des Impots (DGI) Office where there is an electronic sign indicating the cost of the visa.

The information above is accurate as of February 22nd, 2018, however we always advise our travellers to check with their Embassy/Consulate for the most up-to-date information as fees and policies frequently change. It is the travellers responsibility to have the correct travel documentation.

IMPORTANT NOTE

It may be required to show a Yellow Fever certificate upon entering the country. Please check in with your local consulate and health expert for advice on Yellow Fever and other inoculations required for this area.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The currency of Madagascar is the Malagasy Ariary (MGA). We recommend that purchases locally be made in MGA.

Credit cards are useful for cash advances in Antananarivo (Tana), but you must remember to bring your PIN number (be aware that many ATM machines only accept 4-digit PINs).

Credit cards may sometimes be used for purchases in Tana, but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies.

International debit cards may work as well, especially if they are linked to major credit card networks (Visa & Mastercard specifically).

While ATMs are available in the capital, there are no guarantees that your credit or debit cards will work. Some travellers bring two or more cards, to improve their chances of them working at ATMs. ATMs have limits on how much money can be taken out at a time.

It is best to bring large denominations EUR or USD in 50 or 100 notes to change into local currency. You cannot pay in USD dollars.

We do not recommend bringing traveller's cheques to Madagascar.

Outside of Tana you will find that it difficult to exchange foreign currency, or find ATMs.

Do not rely on credit or debit cards as your only source of money. A combination of Euro and US dollar cash is best, with accessing money via cards second.

Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

USD20, usually included in most international air tickets.

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be a seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: US\$25 per week Driver: US\$2 per day Supply Crew: US\$1 per day Local guides: US\$1-3 (per couple of hours) Restaurant/café servers: 10% of the total bill Hotel Porters: US\$1

Please note that tipping should always be in Ariary if possible, locals find it difficult and time-consuming to have to change EUR/USD tips and therefore always prefer Ariary.

Banks do not accept \$100 USD bills.

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following Travel There Covisited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is a so required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items.

Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns.

Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them.

Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions. Please note that the capital city of Tana can be slightly dangerous at times, since this is the main tourist hub there can be incidents of petty crime aimed at tourists. We highly recommend that when you go exploring in the city that you leave all valuables including cameras in the hotel safe even during daylight hours.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

A Word of Warning

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
