Dossier Disclaimer

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

1. TRANSPORTATION

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned touring vehicle for the long drives.

2. YELLOW FEVER

According to the WHO and CDC, there is no risk of yellow fever in Botswana. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to Botswana from a Yellow Fever endemic country, or have recently travelled to a Yellow Fever endemic country (with entry stamps in your passport), including the following countries (but not limited to): Angola, Benin, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Congo, Democratic Republic of the Congo, Republic of the Cote d'Ivoire (Ivory Coast) Equatorial Guinea, Ethiopia, Gabon, Gambia, Ghana, Guinea Zambia, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda, Argentina, Bolivia, Brazil, Colombia, Ecuador, French Guiana, Guyana, Panama, Paraguay, Peru, Suriname, Trinidad and Tobago, Venezuela.

****We advise all travelers to Botswana who are coming from one of the above countries, or who have visited them in the last 10 years, to be prepared with a Yellow Fever vaccination certificate or letter from your doctor with proof of vaccination. Yellow Fever inoculations need to be administered at least 10 days prior to your entry into the country. Border officials in Botswana have been strictly enforcing these requirements. Travelers without the correct documentation run the risk of being denied entry, and will not be able to continue with the tour. (Any additional travel expenses will be on your own account.) ****

3. COMBO TRIP

Please note that this tour is a combination of several Travel There Co tours. As such, your group CEO, fellow passengers, or vehicle may change between the individual tour sections.

4. EXTRAS

Looking to add to your experience? Check out our Extras! Specially designed for travellers with unique interests, Extras are optional add-ons to your G adventures trip that make your adventure more you-centric. Extras must be booked prior to departure, please see details in our optional activities field and ask your sales GCO or travel agent about booking.

5. Water-wise tips when visiting Cape Town:

Cape Town is currently experiencing one of the worst droughts it has seen in over 100 years, and while we want you to have the best time possible while there, here are some tips to help reduce your water usage:

- Bring a reusable water bottle, that you can fill with Cape Town's tasty tap water.
- Reuse your towels in the hotel, for at least two days, before getting new ones.
- Keep your laundry until you have a full load to do, rather than just doing a handful of items.
- Turn off the tap when brushing your teeth, or shaving.
- Keep your showers to two minutes or less, and don't use the bath.
- Use hand sanitizer, instead of washing hands.

6. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

7. DRONES

The use of drones in national parks in Southern Africa is prohibited.

Group Leader Description

On this tour, you will be accompanied by a group Chief Experience Officer (CEO) and an expert driver. The Chief Experience Officer (CEO) will be the group manager and leader. All of our leaders in southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. Most of

our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

As the group manager and leader, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places where are travelling, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure. In addition, as an integral part of the team, your driver is skilled and experienced driver who has intimate knowledge of the vehicle and routes travelled.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Group Size Notes

Max 18, avg 14

Meals Included

24 breakfasts, 3 lunches, 9 dinners

Meals

Eating is a big part of travelling. Travelling with Travel There Co you experience the vast array of wonderful food that is available in southern Africa. On this tour, we provide only a few meals for you and your group members, so as to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility in you choices. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though - while in the larger centres, your group leader will be able to suggest favourite restaurants during your trip.

Your tour leader prepare the meals included in the Okavango Delta, arranging to purchase the foodstuffs before our bush camping excursion begins. Breakfasts will generally be cereals, if time allows a warm breakfast may be prepared. Lunches will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

For the included meals, vegetarian meal requests and other dietary requirements need to be specified prior to arrival.

Transport

Plane, air-conditioned touring vehicle, safari vehicles, mokoro, walking.

About our Transportation

For all of our standard class trips in southern Africa, including this tour, we use a private local bus for the journey. We will be taking a flight for the leg between Cape Town and Johannesburg. For the buses we will be using, there will be air-conditioning, and sliding windows, allowing for comfortable travel through the region. In addition, even with a full group, there will be extra space for the benefit of the group. Having our own private vehicle through the majority of the tour allows us the flexibility of making stops when needed. In addition, we are able to travel to out-of-the-way locations where public transportation does not reach.

Road conditions in South Africa and Zimbabwe are generally good, though once into Botswana and beyond, the road quality deteriorates. As such, we slow our travelling speed and enjoy some sand and bumps en route – something which is of course part of the adventure of travelling in Africa!

In the Okavango Delta, we leave our bus behind and explore in the area in mokoros – traditional dug-out canoes. The mokoros usually seat 2 people and are handled by 'polers' – so named as they move the mokoro forward by using a very long pole pushed into the ground under the water. This is a relaxing and peaceful way

to take in the fascinating environment and wonderful scenery of the delta.

If you have paid in advance for an arrival transfer, a Travel There Co representative will be at the airport to meet you. If for any reason you are not met at the airport, please call our local support line. If you are unable to make contact for whatever reason, please make your way to the joining point hotel via taxi.

welcome meeting in the evening, so you can arrive at any time. Similarly the last day is a departure day during which no activities have been planned.

A Travel There Co Representative will organize a short meeting soon after arrival, during which you will meet other tour participants and receive information about general and specific aspects of the trip. A welcome note will be left for you in the hotel so you have all the necessary information regarding the meeting time. If you arrive late, s/he will leave you a message detailing what time and where you should meet the next morning.

What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase (please avoid a hard-top case), or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable. During the winter months (May to October), the temperatures can get quite cold in Namibia and Botswana. It is wise to bring plenty of layers for cool mornings and evenings. A set of smart casual clothes is also advisable.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Visas and Entry Requirements

All countries require travellers to have a valid passport (with a minimum 6 months validity), and you are required to acquire the entry visas for each of the countries visited.

Please double check with your agent and/or visa agent what the visa requirements are for each country that you will be traveling to. Some countries do require that you get your visa before arrival. If you show up at a border and should you not have the required visa you will be denied entry to the country and be sent back to the closest embassy/high commission to get the visa. All arrangements and expenses for that will be at your own cost. The CEO will assist you with travel arrangements but will not be able to accompany you. You will also have to catch up with the group at their next destination at your own cost.

It is your responsibility to have the correct travel documentation.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The currency in South Africa is the South African Rand (ZAR). The South African rand is also an accepted form of payment in Namibia.

Zimbabwe uses the US Dollar and South African Rand.

The Namibian currency is the Namibian Dollar (NAD), which is equivalent to the South African Rand.

In Botswana, you pay with Pula (BWP).

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and

approximately how much money you will need.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. it is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when

it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following Travel There Co-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda

- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](/travel-resources/safety/) for ways to further enhance your personal safety while traveling.

Trip Specific Safety

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you.

Please note that the use of drones in national parks in Southern Africa is prohibited.

Vital Information for staying Kruger NP or any reserve: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without a little knowledge, some of them could be dangerous. Example: Bats, spiders, snakes, scorpions

and mosquitos in a malarial zone. If you must walk around at night please DO NOT DO SO WITHOUT A TORCH. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive.

NAMIBIA: Always be alert of animals that are wandering too close to the road. Both domestic and wild animals frighten easily and can jump directly in front of the moving vehicle. If possible, avoid travelling at night. Some wildlife tends to be more active at dusk. Always be on the look-out for sandy patches, potholes and sharp bends in the road. In rainy or wet conditions beware of slippery roads, washaways, running and or stagnant water. Always have enough water (bottled) for the journey. No matter how beautiful or gentle an animal may appear, the only safe way to look at it is from the safety of your vehicle.

Medical Form

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

A Word of Warning

Travel Insurance

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. Travel There Co can provide you with the appropriate coverage. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
