## Itinerary Disclaimer

---

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

## Important Notes

---

1. Please note that this trip is a combination of multiple Travel There Co tours. As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour, between tour segments.
2. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe customized safari truck for the long drives.
3. According to the WHO and CDC, there is no risk of yellow fever in Botswana. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to Botswana from a Yellow Fever endemic country, or have recently travelled to a Yellow Fever endemic country (with entry stamps in your passport), including the following countries (but not limited to): Angola, Benin, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Congo, Democratic Republic of the Congo, Republic of the Cote d'Ivoire (Ivory Coast) Equatorial Guinea, Ethiopia, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda, Argentina, Bolivia, Brazil, Colombia, Ecuador, French Guiana, Guyana, Panama, Paraguay, Peru, Suriname, Trinidad and Tobago, Venezuela.

**\*\*We advise all travelers to Botswana who are coming from one of the above countries, or who have visited them in the last 10 years, to be prepared with a Yellow Fever vaccination certificate or letter from your doctor with proof of vaccination. Yellow Fever inoculations need to be administered at least 10 days prior to your entry into the country. Border officials in Botswana have been strictly enforcing these requirements. Travelers without the correct documentation run the risk of being denied entry, and will not be able to continue with the tour. (Any additional travel expenses will be on your own account.) \*\***

4. An essential part of your safari is participation. The group is usually divided into small groups and given different tasks which change on a day to day basis, from kitchen duty group (helping in prepare meals and clean up afterwards), the packing group (sets up all tables and chairs outside) and the cleaning group (which cleans the truck by emptying the rubbish bin and brooming). it is all part of your adventure and when everyone puts in a little effort the trip will run smoothly. Your CEOs will do all the meal preparation, but we do ask the clients to help with the washing up. Team spirit is part of the fun! All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply dome tents and assembly/disassembly takes only 5 minutes. All tents have built-in insect nets. Mattresses are also available, which are approximately 4cm thick, warm and comfortable.

5. Sleeping bags can not be rented on any of our Africa overland or safari tours.

### 6. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

### 7. DRONES

The use of drones in national parks in Southern Africa is prohibited.

## Group Leader Description

---

On your overland tour you will be accompanied by two Chief Experience Officers (CEOs). The Chief Experience Officers (CEOs) will be the group manager and leader, cook and driver. They will provide information on the places where we are travelling, offer suggestions for things to do and see, and introduce you to our local friends. They will take care of the small things so you can concentrate on enjoying your adventure.

All of our CEOs in southern Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

## Group Size Notes

---

Max 22, Avg 18.

## Meals Included

---

12 breakfasts, 12 lunches, 8 dinners

## Meals

---

Eating is a big part of traveling. Travelling with Travel There Co you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. On truck trips in Africa, aboard the expedition ship Explorer or our Galapagos yachts, while trekking in remote regions etc. food is included, plentiful and made of fresh local ingredients. The above information applies to Travel There Co group trips. For Independent trips please check the itinerary for details of meals included. For all trips please refer to the meals included and budget information for included meals and meal budgets.

## Transport

---

Lando (overland adventure vehicle), open safari vehicle, mokoro, walking.

## About our Transportation

---

We use a custom built 24 seat overland adventure vehicle (OAV) named the Lando, to criss-cross through Southern Africa. The Lando allows the entire group, including your CEO, to travel together, and because of its height, is great for wildlife viewing and for enjoying the scenic landscape.

Road conditions can run the full gamut from new to being in very poor condition. This style of travel is by no means luxury but it allows us the flexibility of making stops when needed, and reaching some out-of-the way parts in Africa where the traditional safari crowd would not dare to go.

Here's a quick look at the unique features of the well-equipped Travel There Co overland adventure vehicle (OAV):

- Storage for your main luggage is accessible from inside the vehicle
- Day packs can be stored at your feet or on the luggage shelf above
- Onboard safety box for valuables
- Front viewing windows and large sliding windows, both great for wildlife viewing
- Reclining seats
- Fully equipped mobile kitchen
- Access to a 250L tank of drinking water
- Air-conditioning
- Charging station, when available in camp (South African plug - 220-240V)
- USB charging ports for every traveller at their seat

- Wifi in selected countries, depending on the network reception

Please note that our Landos do not have on-board bathrooms.

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

## Local Flights

---

## Solo Travellers

---

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

## Accommodation

---

Simple hotels (2 nts single or twin-share), participation camping (11 nts), basic bush camp (1 nt).

## About Accommodation

---

Camping in Africa is truly an adventure. You will be able to get off the beaten track to get a first-hand experience of the beautiful wilderness and nature. While camping, we stay at designated campsites in national parks and outside towns. Campsite facilities in Southern Africa are generally good, but can be basic in certain places. There are generally small restaurants and/or bars, washing facilities and occasionally telephones available.

The camps have flush toilets, and showers at some camps are outdoors, having simple reed enclosures for privacy. Additionally, warm water is available at most sites, but it is not guaranteed to always be warm when you take your shower; the warm water may be used up others who also use the camp. We usually set-up camp within close proximity to the toilet facilities, though occasionally to reach them you may to walk a short distance.

All camping equipment (with the exception of your sleeping bag and pillow) is supplied, including camp mattresses, which are warm and comfortable. We supply dome tents and assembly/disassembly takes only 5 minutes. They are good quality, durable, industry-standard 2-person safari canvas tents. Please note that most adults will not be able to fully stand up inside the tents, though most travellers find these more than adequate, as they have a base area of approximately 4 square meters. These tents are regularly treated with a waterproofing agent, but under certain rainy conditions, the tent fabric may become saturated to the point where seepage or leakage may occur. All tents have built-in mesh insect netting on the windows and doors.

We travel with our own portable camp chairs with a comfortable back-rest, and we utilize our own cooking equipment to provide the group good quality camp meals.

In camping within the national parks and conservation areas, some camp sites are enclosed for keeping the resident wildlife out. Other camps are open to the natural environment – care must be taken, especially at night, when a torch/flashlight is recommended when walking around the camp area.

Despite the challenge that a few days “roughing it” may pose to some, the experience of being that close to nature, camping under the African stars, and seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime.

Two nights in Johannesburg will be spent in simple hotel accommodation - twin (same sex occupants) or double rooms or in a single room if MOR was requested.

## What to Take

---

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labeled and restricted to one soft compact suitcase, or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags.

For our camping style tours you will need to provide your own sleeping bag, small pillow and sleeping sheet (if you would like). We provide the tent and the sleeping pads.

It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives.

Please note that the seasons in Africa is quite extreme. Winters (especially South Africa, Namibia and Botswana) can be really cold and summers will be really hot.

If you travel during winter months(May to October) please ensure that you bring warm clothing and a suitable sleeping bag.

A set of smart casual clothes is also advisable.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy, or consulate for the most up-to-date visa requirements, or see your travel agent.

As of 2008, the Zambian government will no longer be issuing any visa waivers to individuals or tour operators. All travelers will be required to obtain a visa prior to entering the country, either at the border or in advance from your local embassy. Please note that the fees associated with Zambian entrance visas have increased for the majority of nationalities. We advise you to contact your local Zambian consulate or embassy to confirm the procedure and costs of obtaining an entrance visa.

Please double check with your agent and/or visa agent what the visa requirements is for each country that you will be travelling to. Some countries do require that you get your visa before arrival. If you show up at a border and should you not have the required visa you will be denied entry to the country and be send back to the closest embassy/high commission to get the visa. All arrangements and expenses for that will be at your own cost. The CEO will assist you with travel arrangements but will not be able to accompany you. You will also have to catch up with the group at their next destination at own cost.

## Spending Money

---

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

## Money Exchange

---

In Zimbabwe, the US Dollar and South African Rand, are the two most accepted currencies, but the Botswana pula, Pound sterling, Euro, Australian dollar, Chinese yuan (renminbi), Indian rupee, and Japanese yen are all accepted as legal currency.

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of

payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

The currency in South Africa is the South African Rand (ZAR).

In Botswana, payments at supermarkets, post offices etc are to be with Pula (BWP), but activities and drinks at campsites can be paid for in USD.

---

## Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

---

## Departure Tax

---

## Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

## Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

## Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or

protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

## Trip Specific Safety

Travelers must exercise common sense and caution at all times. Tourists should stick to set travel arrangements and avoid unknown areas. Always keep a photocopy of your passport, airline tickets and a record of your travelers' checks and credit card numbers separate from where you keep the originals. Botswana is relatively safe and your guide knows the area intimately and will endeavour to show you the best parts while looking after you. In the wild areas, your guide will brief you on the necessary precautions, follow this advice and you will be fine. We also recommend that you wear minimal jewellery and that you keep valuable items safely stored.

Please note that the use of drones in national parks in Southern Africa is prohibited.

## Medical Form

---

## A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

## A Word of Warning

---

## Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
