Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

- Please note that this tour combines with other Travel There Co tours. As such, the staff and some travel companions on your tour may have previously been traveling together with Travel There Co, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another Travel There Co tour, after your trip concludes.

- An essential part of your safari is participation - from putting up your tent (while camping) or packing away in the morning, to helping with meal preparation and cleaning up - it is all part of your adventure and when everyone puts in a little effort the trip will run smoothly. Team spirit is part of the fun! All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply dome tents and assembly/disassembly takes only 5 minutes. All tents have built-in insect nets. Mattresses are also available, which are approximately 4cm thick, warm and comfortable.

- **YELLOW FEVER**

It may be required to show a Yellow Fever certificate upon entering the country(s) visited. Please check in with your local health expert for advice on Yellow Fever and other inoculations required for this area.

- Sleeping bags are not available for rent and difficult to purchase locally

RAMADAN

• According to the lunar cycle, Ramadan will fall between May 15th and June 14th, 2018. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-Muslims throughout the day. It is important to display increased cultural sensitivity during Ramadan, particularly in Zanzibar. Please wear loose fitting clothes, that cover knees and shoulders, and try to avoid eating, drinking or smoking in public out of respect for those who can't at that time.

- Travelling can be difficult on this tour, as long drives and poor road conditions are the rule as opposed to the exception in both Kenya and Uganda. This camping trip is about travelling to see what the region is like, and see some animals in wildlife parks, to trek to see the mountain gorillas, along and some other sights in between. As such, we cover long distances and have long, bumpy travel days to get to some of these amazing locations. Despite this, the diversity and scenery of the African landscape, the local culture and abundant wildlife are all well worth the experience.

- Travel There Co can never guarantee the sighting of wildlife, especially when it comes to mountain gorillas. However, the mountain gorilla trek is organized to ensure success. Before heading into the jungle, our local guides receive coordinates from trackers on the whereabouts of the gorillas, and the trackers stay with the gorillas until the group arrives. Please note that if you are unwell with anything contagious, even a common cold, you may be denied any of the treks to ensure the safety of the gorillas and chimps. This is a national park regulation, and trekking permits will not be refunded if you are denied entrance due to illness.

- Visitors to Uganda should be in excellent physical condition, without any heart problems and prepared to spend strenuous days in humid rain forests, steep terrain and high altitude trekking for chimpanzee and

gorillas, as well as other primates. Those preferring to remain at base camp in Bwindi may do so, however, there is no price reduction.

- The use of drones in national parks in Southern Africa is prohibited.

Group Leader Description

On this journey, you will be accompanied on your trip by 2 crew members - a Chief Experience Officer (CEO) and a driver. (Kampala to Nairobi); or you will be accompanied by one Chief Experience Officer (Nairobi to Zanzibar).

The Chief Experience Officer (CEO) will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. He/she will take care of the small things so you can concentrate on enjoying your adventure. All of our CEOs in southern and East Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Your leader will be from either southern or East Africa depending on which part of the tour you are on.

All of our overland adventure vehicle (OAV) drivers are experienced in the routes travelled, and highly skilled in dealing with different terrains. All of our cooks will organize and lead the meal preparation, and have experience in cooking a variety of local and international dishes for large groups.

In Uganda, during the actual gorilla trek we use an experienced and certified local mountain guide, expert gorilla trackers, and armed guards to accompany you for your safety.

In the Serengeti and Ngorongoro Crater to round out the team, along with your CEO, you will be accompanied by a local safari crew consisting of an expert driver/guide and camp cook. Your driver/guide is skilled and experienced driver and a certified safari guide, and is an integral part of the team. As well, your cook will prepare the camp meals to add some further local flavour to the trip.

We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

Group Size Notes

Max 22, avg 18.

Meals Included

17 breakfasts, 9 lunches, 9 dinners

Meals

As mentioned above, most of the meals on this tour are included in the tour price. Your CEO will be able to suggest some good local restaurants or options for you to choose from when meals are not included.

All included meals will be prepared from fresh local produce. The majority of the shopping for foodstuffs will be done before the trip departs, and fresh goods, such as meats, fruits, vegetables, and dairy products, will be bought en route during the trip from supermarkets, local shops and markets. Please note that even though our cooks will try their utmost to provide you with a varied and interesting meals, the choices might be somewhat limited, based on what is available on the local market.

Breakfasts will generally consist of breads and cereals, if time allows a warm breakfast may be prepared. Many lunches will be provided en-route and will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

Your CEOs will do all the meal preparation and lead the way here, but will prepare a duty schedule for ensuring a fair, rotating participation from you and your group members in the meal preparation and dish washing duties.

Vegetarian meals and other dietary requirements need to be specified prior to arrival. Please note all bottled drinking water will be at your own expense.

Transport

Lando (overland adventure vehicle), 4x4 safari vehicles, minibus, walking, shared shuttle, private shuttle, tuk-tuk, ferry.

About our Transportation

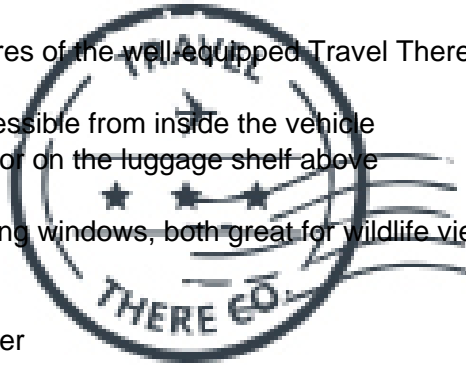

This trip is done a combination of vehicles - our new custom built 24 seat overland adventure vehicle (OAV) named the Lando, and in private 6-7 seat safari vehicles in the Serengeti and Ngorongoro Crater. Both styles of vehicles have their advantages - the overland adventure vehicle (OAV) allows the entire group, including your CEO, to travel together, and because of its height, is great for wildlife viewing and for enjoying the scenic landscape.

Smaller safari vehicles will be used when the group is in the Serengeti and Ngorongoro Crater. With sliding windows and a large pop-up roofs, an open 360-degree view of area, great for wildlife viewing. If there is a large group, 2-3 vehicles will be used, and the group will be split up. This style of travel is by no means luxurious, but the seats are comfortable and having our own private vehicles allow us the flexibility of making stops when needed, and to stay and watch that crouching lion prepare for an attack.

Road conditions can run the full gamut from new to being in very poor condition. This style of travel is by no means luxury, but it does allow us the flexibility of making stops when needed, and reaching some out-of-the way parts of Africa where the traditional safari crowd would not dare to go.

Here's a quick look at the unique features of the well-equipped Travel There Co overland adventure vehicle (OAV):

- Storage for your main luggage is accessible from inside the vehicle
- Day packs can be stored at your feet or on the luggage shelf above
- Onboard safety box for valuables
- Front viewing windows and large sliding windows, both great for wildlife viewing
- Reclining seats
- Fully equipped mobile kitchen
- Access to a 250L tank of drinking water
- Air-conditioning
- Charging station, when available in camp (South African plug - 220-240V)
- USB charging ports for every traveller at their seat
- Wifi in selected countries, depending on the network reception

Please note that our Landos do not have on-board bathrooms.

In addition to the overland adventure vehicle (OAV), in Uganda for the gorilla trek, we split the group into smaller vans in order to arrive in a more timely manner to the trail heads of the park.

For the transfers between Nairobi, Arusha & Dar es Salaam, you will travel in a mini buses with seating for 22-24 passengers.

We use a modern ferry to cross between Dar and Zanzibar. On Zanzibar, we travel using minibuses.

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

Local Flights

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

Basic hotel (2 nts, single or twin-share), participation camping (9 nts), full-service camping (2 nts), hostels (5 nts, multi-share with 3-4 people).

About Accommodation

Camping in Africa is truly an adventure. You will be able to get off the beaten track to get a first-hand experience of the beautiful wilderness and nature. While camping, we stay at designated campsites in national parks and outside towns. Campsite facilities in eastern Africa are generally good, but can be basic in certain places. There are generally small restaurants and/or bars, washing facilities and occasionally telephones available.

The camps have flush toilets, and showers at some camps are outdoors, having simple reed enclosures for privacy. Additionally, warm water is available at most sites, but it is not guaranteed to always be warm when you take your shower; the warm water may be used up others who also use the camp. We usually set-up camp within close proximity to the toilet facilities, though occasionally to reach them you may have to walk a short distance.

All camping equipment (with the exception of your sleeping bag and pillow) is supplied, including camp mattresses, which are warm and comfortable. We supply dome tents and assembly/disassembly takes only 5 minutes. They are good quality, durable, industry-standard 2-person safari canvas tents. Please note that most adults will not be able to fully stand up inside the tents, though most travellers find these more than adequate, as they have a base area of approximately 4 square meters. These tents are regularly treated with a waterproofing agent, but under certain rainy conditions, the tent fabric may become saturated to the point where seepage or leakage may occur. All tents have built-in mesh insect netting on the windows and doors.

We travel with our own portable camp stools, and we utilize our own cooking equipment to provide the group good quality camp meals.

In camping within the national parks and conservation areas, some camp sites are enclosed for keeping the resident wildlife out. Other camps are open to the natural environment – care must be taken, especially at night, when a torch/flashlight is recommended when walking around the camp area.

The campsite in Serengeti National Park is extremely basic, with no electricity, simple bathing facilities (no showers), and squat toilets. While camping at the Ngorongoro Crater rim, there is very limited electricity, occasionally warm showers, and both seated and squat flushing toilets. The campsites for the Serengeti and Ngorongoro Crater are open sites, where the wildlife can wander into the area, but they are safe.

Despite the challenge that a few days “roughing it” may pose to some, the experience of being that close to nature, camping under the African stars, and seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime.

**** NOTE ****

- In Zanzibar, we stay in standard, twin-share accommodation in Stone Town and multi-share accommodation on the beach. Please note that our Zanzibar Beach Resort location is subject to change due to availability.

What to Take

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced, and due to limited vehicle capacity, the cost of transporting any luggage beyond these restrictions is the responsibility of the client.

For our camping style tours you will need to provide your own sleeping bag, small pillow and sleeping sheet (if you would like). We provide the tent and the sleeping pads.

On this trip you may experience all several types of weather. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. Light, quick-drying, practical clothes are advisable for this trip. A set of smart casual clothes is also advisable for your time in Nairobi.

We suggest you take something warm eg tracksuit, fleece or pullover for the mountainous areas i.e. Bwindi National Park. It is at a higher altitude and will therefore be cooler in the evenings - a jersey, anorak/wind jacket and tracksuit pants would be suggested. It will also be necessary to take some wet weather gear as it does rain in the mountainous areas of Uganda on a regular basis. We suggest lightweight rain gear for the walk to see the gorillas.

While gorilla trekking you will need a comfortable, hard wearing, pair of walking shoes or boots. Conditions are generally very muddy/slippery. There are uphill sections which may be quite steep and strenuous. It is also advisable to wear a long sleeve cotton shirt and lightweight long pants to protect yourself from the undergrowth, stinging nettles and biting ants. (Tracksuit pants often get caught on bushes, thorns, etc and jeans can get very heavy when wet). Gloves are also highly recommended – just cheap gardening gloves will do. Tuck your long pants into your socks/boots to avoid biting insects. Also take a water bottle, and a day pack for camera gear and to carry your jacket if it's too warm.

Your clothes will in all likelihood get very muddy and may not recover to their original state - therefore take old clothing for the gorilla trekking. Hard wearing clothes, no bright colours, or no army camouflage clothing should be worn. Greens, khaki and similar neutral clothes are recommended.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Visas and Entry Requirements

All countries require travellers to have a valid passport (with a minimum 6 months validity).

IMPORTANT NOTE

It may be required to show a Yellow Fever certificate upon entering the country(s) visited. Please check in with

your local consulate and health expert for advice on Yellow Fever and other inoculations required for this area.

Kenya

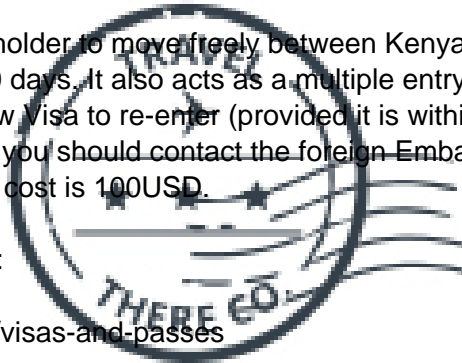

The Kenyan Government has introduced an electronic visa process with effect from July 2nd. Travellers wishing to enter Kenya need to visit www.ecitizen.go.ke and follow instructions for processing their electronic visa in advance of their arrival into Kenya. As this measure was introduced with little advance notice, there is a grace period where travellers may continue to apply upon arrival into Kenya for their visa. You can obtain a visa for US\$50. All those requiring a visa on arrival must have at least two blank pages available in their passports. Failure to meet this requirement could mean that entry will be refused.

Tanzania

Please note that upon arrival to Tanzania by land, most nationals can obtain a visa for US\$50 in \$US cash, though the current cost for U.S nationals is \$100, and this is valid for those who would be permitted a Tanzania visa while still in their own country. This visa is valid for up to 3 months with multiple entries/exits permitted to Kenya and Uganda only. On the final day of the tour, if you are not staying in Kenya for more than 24 hours, you may be able to purchase a transit visa, and these are usually \$US10, and valid for 24 hours. Alternatively, you may purchase a normal visa US\$25 (most nationals), which is valid for up to 3 months.

East Africa Tourist Visa

An East Africa Tourist Visa allows the holder to move freely between Kenya, Rwanda and Uganda with only one Visa, and is valid for a period of 90 days. It also acts as a multiple entry Visa, so if you leave any of the above countries, you do not need a new Visa to re-enter (provided it is within the 90 day validity period). These need to be applied for in advance, and you should contact the foreign Embassy (of the country you will be entering through) for more details. The cost is 100USD.

Please see below for more information:

<https://www.immigration.go.ug/content/visas-and-passes>

**Please note that travellers looking to participate in the Rwanda Day Tour from Lake Bunyonyi, Uganda are encouraged to purchase the East Africa visa for entry into Rwanda.

Uganda

Visas for Uganda for most nationalities must be obtained through an Electronic Visa application online in advance, and a payment of \$50 USD cash will have to be made upon arrival to the border.

LIST OF COUNTRIES WHOSE NATIONALS DO NOT REQUIRE TO PAY FOR A VISA TO ENTER UGANDA:
Angola, Antigua, Bahamas, Barbados, Belize, Burundi, Comoros, Cyprus, Eritrea, Fiji, Gambia, Grenada, Italy (Diplomatic Passport holders only), Jamaica, Kenya, Lesotho, Malawi, Mauritius, Madagascar, Rwanda, Seychelles, Sierra Leone, Singapore, Solomon Islands, St. Vincent and Grenadines, Swaziland, Tanzania, Vanuatu, Zambia and Zimbabwe.

Nationals of these countries are issued gratis (free of charge) visas upon their arrival.

This information is accurate at the time of writing. Though as fees and policies can change, we highly recommend that you contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your responsibility to have the correct travel documentation.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The local currency in Uganda is the Ugandan Shilling (UGX, or USh).

The local currency in Kenya is the Kenyan Shilling (KES, or KSh).

The local currency in Tanzania is the Tanzanian Shilling (TSh).

Shillings can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need for each country.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

USD48 departure tax per person is charged at Zanzibar airport after you check in. This is to be paid in \$US cash, at the desk behind the check-in counter. This fee is subject to change.

Tipping

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)
Supply Crew (Serengeti): \$2-5 USD (per day)

Local guides: \$2-3 USD (per day)
Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Gorilla trekking guides: \$2-4 (per day)

- Jozani Forest Tour (35-150USD per person)

Health

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following Travel There Co-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase

during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

Trip Specific Safety

Nairobi and Kampala

- Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit in your hotel room/reception. This is free of charge to Travel There Co Adventure clients.
- Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc
- Please don't wander through the city at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception of your hotel. Also, take the address of the hotel with you.
- People are generally friendly, but don't let people take advantage of you, especially the sales people!
- Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are most likely con men and try to get money from you in one way or another

-People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk. Besides, you're already on safari!

Zanzibar

Remember that Zanzibar is overwhelmingly Muslim. Women who do not dress modestly, or men in shorts, are likely to cause offense to locals and are likely to attract unwanted attention.

In coastal areas, both male and female prostitution is widespread. Single female travellers in particular should be wary of 'beach boys'. These male prostitutes often employ aggressive methods of socializing with female tourists with their end goal being to solicit sex, money or other benefits. The prevalence of HIV is extremely high in this region, and we urge all travellers to exercise extreme caution.

Our suggestion is to dress moderately, and drink moderately. At all times be aware of your surroundings, and your actions, and to exercise caution.

Photography

Please refrain from taking photos of police stations, airports, bus stations, immigration and border crossings, army barracks and personnel, or any government building. It is against the law and will result in the minimum of your film and camera being confiscated.

Please note that the use of drones in national parks in Southern Africa is prohibited.

Medical Form

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

A Word of Warning

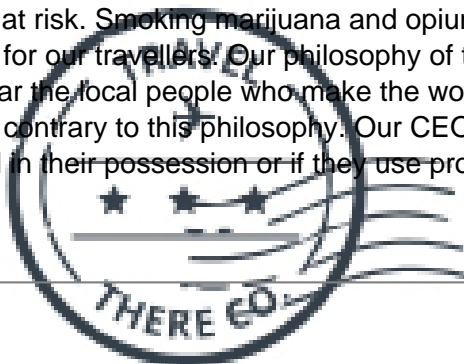

Travel Insurance

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. Travel There Co can provide you with the appropriate coverage. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
